

SAI SRIPAD VEMULA

WEB DEVELOPER

Profile

Dedicated front-end web developer with expertise utilising HTML and CSS to create responsive websites. I'm looking for an internship to improve my web design skills, network with professionals in the field, and get real-world experience in a hectic development atmosphere.

PROJECTS

PORTFOLIO WEBSITE

HTML, CSS

- Developed a responsive personal portfolio website to showcase my web development skills and projects.
- Implemented responsive design for optimal viewing on desktop.
- Utilized HTML, CSS to design and develop the website.

COLORIZATION OF HISTORICAL BLACK AND WHITE IMAGES

MACHINE LEARNING

- Developed a computer vision project using OpenCV to colorize historical images.
- Implemented a deep learning-based approach that uses Dense Neural Networks.
- Resulted in an effective and efficient method for colorizing black and white images from historical archives.

CERTIFICATIONS

- Internship at NIT Warangal.
- Nvidia's DLI Certification
- Python and DSA Bootcamp from Udemy.
- Cloud Computing from NPTEL.
